Proposed 400 kV electricity transmission cables, extension to the existing Kilpaddoge Electrical Substation (approx. 5,500 metres square) and associated works (known as the 'Cross Shannon Project') between the existing Moneypoint 400 kV Electricity Substation in the townland of Carrowdotia South Co. Clare and existing Kilpaddoge 220/110 kV Electricity Substation in the townland of Kilpaddoge Co. Kerry. The development includes work in the foreshore for which a Foreshore Licence is required

30 July 2020

Dear Sir/Madam

EirGrid are making an application to An Bord Pleanála under Section 182A of the Planning and Development Act, 2000 (as amended). Written correspondence received from An Bord Pleanála, dated 11th May 2020, has confirmed the proposed development to be Strategic Infrastructure Development.

The plans and particulars accompanying the application comprise:

- Application Form;
- Statutory Notices;
- Drawings- as per a drawing schedule;
- Natura Impact Statement;
- Planning and Environmental Considerations Report.

The Direction of An Bord Pleanála specifies Clare County Council as a prescribed body for the purposes of this application. To this extent we have issued you 5no.hardcopies and 2no. electronic copies of the application documentation.

An Bord Pleanála have requested that this correspondence should bring to the attention of Clare County Council the requirement that the application documentation be made available for public inspection/purchase in accordance with the terms of the public notice (which is during public opening hours for a period of seven weeks commencing **7th August 2020**). Copies of the newspaper notice and site notice are also included with this correspondence for ease of reference. A copy of the application is also available on the project specific website www.eirgridcrossshannon.ie.

It should be clearly noted that Clare County Council can make submissions to An Bord Pleanála by 5.30pm on **25th September 2020**.

Yours faithfully,

Niamh Roche
Senior Environmental Scientist

Proposed 400 kV electricity transmission cables, extension to the existing Kilpaddoge Electrical Substation (approx. 5,500 metres square) and associated works (known as the 'Cross Shannon Project') between the existing Moneypoint 400 kV Electricity Substation in the townland of Carrowdotia South Co. Clare and existing Kilpaddoge 220/110 kV Electricity Substation in the townland of Kilpaddoge Co. Kerry. The development includes work in the foreshore for which a Foreshore Licence is required

30 July 2020

Dear Sir

EirGrid are making an application to An Bord Pleanála under Section 182A of the Planning and Development Act, 2000 (as amended). Written correspondence received from An Bord Pleanála, dated 11th May 2020, has confirmed the proposed development to be Strategic Infrastructure Development.

The plans and particulars accompanying the application comprise:

- Application Form;
- Statutory Notices;
- Drawings- as per a drawing schedule;
- Natura Impact Statement;
- Planning and Environmental Considerations Report.

The Direction of An Bord Pleanála specifies the OPW as a prescribed body for the purposes of this application. To this extent we have issued you 1no. electronic copies of the application documentation. A copy of the application is also available on the project specific website www.eirgridcrossshannon.ie

It should be clearly noted that the OPW can make submissions to An Bord Pleanála by 5.30pm on **25th September 2020**.

Yours faithfully,

Niamh Roche
Senior Environmental Scientist
